

# Grandin Lake Shores Association

## November 2024 Newsletter

*“Living in a state of gratitude is the gateway to grace.”*

-Arianna Huffington

Well, the election is over, and no matter which way you voted, let us all remember that we can have differences of opinions and still treat each other with kindness and respect. Everyone has struggles and problems. I think people forget that sometimes. They get so wrapped up in what is going on in their life and the struggles they are going through but have no idea what people are dealing with around them. It takes so much more energy to be hateful and causes strife. Be kind, it is actually the easier thing to do!! I don't know about you all, but I am going to make my focus for November to have less anger and show more grace. (Those of you who actually know me, will know that it will be easier said than done, but I am going to work very hard on it!!)

We have a website!! Yay! Thank you to everyone again for all their hard work and effort getting this up and running. [www.grandinlakeshoreshoa.org](http://www.grandinlakeshoreshoa.org) You will need approval at first sign in for member's section, but everything else is open to public viewing.

Congratulations to the yard of the month winner this month, Nancy Quin at 864 Lake Shore Terr.

The association will be hosting a Holiday Happening covered dish dinner on Saturday, December 14<sup>th</sup> at 6pm. All are welcome! Bring your favorite dish to share and come spend some time with your neighbors. There was ice cream left over from last ice cream social so we can have winter sundaes as well for dessert.

The sale of lot 408 should be closing soon. That will be one less tax bill for the association to pay. Once the street lights are changed out in January, we will see a reduction in the power bill as well!

It is that time of the year again when shopping on line increases, just so you know, that means more porch pirates. Please keep an eye out for this. Apparently, these people go so far as to follow the trucks and double back for the packages not immediately taken inside. We even had one neighbor have their medicine stolen after delivery...If you see someone suspicious, get as much info as you can, make/ model of vehicle, tag if possible and call the sheriff's office. Also, I think that after one or two see that people are actually watching and reporting, this behavior will stop.

Next meeting will be December 2<sup>nd</sup> at 7pm at clubhouse. I hope you all have a wonderful Thanksgiving and safe and healthy November.
